Our community has been active for just about two months now - and we think that's plenty of time for some preliminary thoughts and changes.

We've pretty much got our thoughts in order. But we'd like to hear yours first.

Please send us a private message here on the site (just send it to admin) - or send email to smokesigs@aol.com - with any thoughts you have about the site, changes or additions you'd like to see - and in a week or two we'll report back on our thoughts, your thoughts, and upcoming changes to the site.

Thanks :)
